March 6, 2003 LB 111, 165, 283, 327, 439, 445, 496, 540

let's remember that. I think what NPPD is trying to do here is appropriate. I think it makes sense from an efficiency standpoint. It makes sense from a management standpoint and it should bring a lot more expertise on board. This company has a good track record. I think the indemnification issue here is one that needs to be resolved before they move forward. And so I would hope that you would listen to debate, ask questions, get the answers, and I think we can move this bill forward. Thank you, Mr. Speaker.
